

CMN STUDENTS, STAFF, FACULTY:

Report of Student Testing Positive for COVID-19:

College of Menominee Nation is aware a student tested positive for COVID-19. The student made us aware of the positive test today, Monday, August 24, 2020. The student registered for courses on Friday, August 21, 2020 via the phone and has not been on campus this semester. We are making arrangements to get the student the necessary resources needed to successfully complete this semester.

Weekly Communication:

As the Reopening Task Force, we want to be sure everyone is aware of the logistics surrounding changes at our campuses. We will be providing weekly updates to ensure the safety of our students, staff and faculty.

Please be aware of the following as you come to campus.

Physical Changes:

There is one point of entry to GMH/SDH - through the main entrance into the atrium. This is based on CDC guidance for one main entrance point and for monitoring of the temperature kiosks.

Entrance to GMH second floor is limited to only CMN employees.

Refrain from sharing food with others that is not pre-packaged, do not engage in potlucks, and/or social gatherings on campus. The microwave located in the vending machine area in Shirley Daly Hall is no longer available for public use.

Masks are required in all of the CMN buildings. Students and Faculty must wear a mask at all times when in CMN buildings and classrooms. Staff/Faculty may remove their mask when in their own office space. Public Health states that face masks cut down on both aerosolized and droplet virus expiration. Also, most face masks create electrostatic friction which traps droplets and viruses. Masks are offered for convenience at entrances to buildings if you do not have one.

Temperature checks are required. Kiosks are located in nearly every building on the Keshena campus and at the GB campus. Be sure to check your temperature upon entering buildings.

Directions for use are located on each kiosk. Anyone with a temperature over 100.4 will not be allowed to move beyond screening locations into any building.

Do not come to work and/or class if you are feeling ill.

Self-monitor for any symptoms of COVID-19. For guidance on symptoms please follow this link-
<https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>

Hours of Operation (subject to change based on assessment):

CMN Offices are open 8:00am-4:30pm Monday-Thursday and 8:00am-Noon Friday with limited work hours by all departments.

Classrooms remain accessible for evening classes.

The S. Verna Public/Academic Library is open by appointment on Mondays from 12:00PM-6:00pm (for elderly and medically vulnerable) and Tuesdays and Thursdays from 8:00am-6:00pm. Closed Fridays.

Capacity levels for buildings and/or departments will be adhered to. This is based on CDC and Menominee Tribal guidance.

Friday afternoons are reserved for deep cleaning of physical spaces.

If you have any suggestions, questions or comments, please email cmnreopen@menominee.edu. Thank you for your patience and understanding as we work through these uncertain times.

For further information on COVID-19 and safety measures please visit the CDC website at <https://www.cdc.gov/coronavirus/2019-nCoV/index.html>.
